## ICE PLUS

HEAVY DUTTY FROZEN VENDOR

VENDS ICE CREAM & FROZEN FOOD

The Jofemar Ice plus vending machine FOR ALL SIZES of ICE CREAM and FROZEN FOOD products. Solid construction of 1.5 mm. steel with advanced insulation throughout. Quality manufacturing techniques result in an airtight storage chamber, which guarantees proper refrigeration and temperature maintenance.

### Features:

#### Flexible shelf configuration...

Easy adaptable to a wide range of products, sizes and shapes.

#### Sell-date lock-out programming...

For code date protection.

#### Refrigerated cabinet is tightly closed...

Avoids cool temperature loss though glass front.

#### Merchandises from 1 up to 50 different products...

To maximize variety versus selection decisions.

#### Big, bold products display panel.

Fast and easy product decisions for customer.

Result in faster customer transactions.

#### Illuminated front panel...

Full panel for merchandising impact.

It can be programmed on / off for operating hours.

#### Solid construction...

For protection against vandalism and theft.
